Worried about not ageing gracefully? Do you constantly find yourself wistfully wishing you could turn back the clock? The clock keeps ticking. That ' s inevitable. What we can do, however, is slow down the process and push further the visible signs of ageing. In Age Erase, renowned aesthetic physician Dr Rashmi Shetty will fill you in on the whats, whys, and hows of ageing, the reason why these changes occur, and how simple do ' s and don ' ts can make a remarkable difference. Immerse yourself in insights on the latest advances in skin care, the right kind of nutrition, and cutting-edge anti-ageing solutions. From the latest advancements in aesthetic medicine to old-fashioned kitchen remedies that really work to grandmother antidotes, Age Erase unlocks the secrets of ageing gracefully.

An updated reference for power and sail boaters surveys the latest developments in safety systems, marine electronics, radar, and communications, and federal laws and regulations, and includes information on tides, currents, weather, and navigation.

More and more sailors and powerboaters are buying and relying on electronic and electric devices aboard their boats, but few are aware of proper installation procedures or how to safely troubleshoot these devices if they go on the blink.

### Computational Biophysics

Dennis Moore, details the differences between automotive and marine performance components and design. Topics covered include: -- The differences between auto and marine engines -- Starters, flywheels, ignition systems, exhaust and cooling -- Parts combinations and recommendations for performance applications Also included are photo/how-to sequences and instructions on build-up and installation as well as tuning and repair.
