Base Erosion and Profit Shifting (BEPS): What's happened so far? And what's next? Oecd Base Erosion And Profit

Domestic tax base erosion and profit shifting (BEPS) due to multinational enterprises exploiting gaps and mismatches between different countries' tax systems affects all countries. Developing countries' higher reliance on corporate income tax means they suffer from BEPS disproportionately. Business operates internationally, so governments must act together to tackle BEPS and restore trust in domestic and international tax systems.

Action Plan on Base Erosion and Profit Shifting - OECD

Base erosion constitutes a serious risk to tax revenues, tax sovereignty and tax fairness for many countries. While there are many ways in which domestic tax bases can be eroded, a significant source of base erosion is profit shifting. This report presents the studies and data available regarding the existence and magnitude of base erosion and profit shifting (BEPS), and contains an overview of global developments that have an impact on corporate tax matters and identifies the key principles ...

activities abroad to low or no tax jurisdictions. The G20 asked OECD to address this growing problem by creating this action plan to address base erosion and profit shifting.

Action Plan on Base Erosion and Profit Shifting | en | OECD

Base erosion and profit shifting refers to corporate tax planning strategies used by multinationals to "shift" profits from higher-tax jurisdictions to lower-tax jurisdictions, thus "eroding" the "tax-base" of the higher-tax jurisdictions. The Organisation for Economic Co-operation and Development define BEPS strategies as also "exploiting gaps and mismatches in tax rules"; however, academics proved corporate tax havens, who are the largest global BEPS hubs, use OECD – whitelisted tax ...

Base erosion and profit shifting - Wikipedia

What is base erosion? Base erosion is the use of financial measures and tax planning to reduce the size of a company ' s taxable profits in a country. It is often achieved by structuring income to have more favourable tax treatment or by finding ways to write off certain expenditure against taxable income.

Base erosion and profit shifting (BEPS): explained

opportunities for Base Erosion and Profit Shifting (BEPS), thus requiring a bold move by policy makers to restore confidence in the system and ensure that profits are taxed where economic activities take place and value is created. In September 2013, G20 Leaders endorsed the ambitious and comprehensive Action Plan on BEPS. This package of 13
